# Testimonials

## -Patrick Ryan

Abdul and his team knocked it out of the park redesigning and deploying our website. It was the smoothest job we've had completed to date. Abdul and his team are extremely professional and courteous, any requests or ideas we had along the way Abdul made sure to take care of it himself. Abdul is always available and very easy to get along with.

## -James Shockley

Abdul and his team are very professional & talented, they helped my business with different services, and made it easy and efficient. I recommend Abdul Mannan and MA Tech Solutions to help you with your business growth.

## -Jason Villere

Abdul and his team are terrific with website development and management. He is very creative and efficient in creating websites. I really appreciate how responsive he is and the quality of his work. He has worked on multiple projects with me. I would definitely use him for website and digital marketing needs.

## -Rose Sarti

Abdul, our talented website developer, exceeded expectations with our new website. His responsiveness throughout the creation process was outstanding, and he continues to be readily available for any changes or additions that arise. Beyond web development, Abdul offers a diverse range of services, making him a well-rounded professional. I highly recommend his expertise for anyone seeking top-notch websites and innovative design work.

# Testimonials

## -Alvin Rogers

Abdul's team has been taking care of virtual assistance projects and social media handling for me. So far, the results have been great and I am looking to do more projects with them as well, Thanks to Abdul for eliminating a lot of unnecessary stress by being available in off hours as well.

## -Byron Campos

If you're an entrepreneur looking to delegate tasks... I highly recommend MA Tech Solutions! Their Data Extraction And Virtual Service are excellent! 🙌 Talk to Abdul Mannan

## -Bruce Borenstein

I can highly recommend Abdul and his company for any of your website needs. I had them do a conversion from an existing website and they did it promptly and cost effectively. He also added links to social media, set up those accounts on my behalf and did not charge anything additional to do that. He was always available even considering the time change from the east coast of the US to Pakistan. If you're looking for website assistance do check with Abdul.

## -Karak Miakol

It is a pleasure to write this recommendation on behalf of Mr. Abdul, since I am convinced that he will be an asset to any professional seeking his services in computer arts, design, website development, and illustration. Mr. Abdul showed self-initiative from his first contact with me shortly after I requested a designer to work on our website update. At subsequent meetings, it was clear that he was an organized person, capable of setting demanding but realistic goals for the project. Flexible enough to adapt to changes as they were proposed, he is very willingly accepted new ideas throughout the project's development. Mr. Abdul is a creative, dependable, trusted, and capable professional artist.

# Six Industries Inc

Patrick craved a fresh look for his website. We delivered by redesigning and deploying a modern, user-friendly website. Simultaneously, we prioritized SEO best practices. This included consistent blog creation, backlink acquisition, and strategic keyword implementation. The result? Patrick's website rocketed up Google's search rankings, driving significant organic traffic and boosting his overall visibility.

# Diar Foundation

Karak faced a multi-pronged challenge: a malfunctioning website hindering her online presence, a dormant social media landscape, and a need for grant acquisition assistance. We stepped in, crafting a brand-new, functional website. Simultaneously, we revitalized her social media accounts with a consistent flow of engaging content for a three-month period. Karak's online presence is now thriving, empowering her grant endeavors.

**M**ED CREDENTIAL PRO, LLC

# Med Credential Pro

Jason needed a website to establish his online presence. We delivered, designing and developing a website tailored to his needs. But Jason's vision extended further. He desired a robust, editable medical form for seamless data collection. Our team built a custom online form that met his exact requirements, allowing for easy editing and secure data storage. Jason's website is now not only informative, but also functionally equipped to streamline his operations.

# Brayn Consulting LLC

Rose envisioned a website refresh, retaining the familiarity of their existing platform while incorporating cutting-edge features. We delivered flawlessly, meticulously crafting a new website that mirrored Rose's specific requests. This wasn't just a facelift – we seamlessly integrated modern functionalities and ensured comprehensive ADA compliance. The result? A website that honors Rose's vision while prioritizing user accessibility and a smooth user experience.

# Black Harbor

Zane craved a digital experience that mirrored the opulence of his luxury home design services. We delivered, crafting a website that exudes sophistication and elegance, perfectly reflecting his brand. But our collaboration didn't stop there. To amplify Zane's reach, we developed a captivating social media strategy. Eye-catching posts and reels now grace platforms like YouTube, Facebook, and Instagram etc., igniting audience engagement and propelling Zane's brand to even greater heights.

# Homes Done Your Way

George yearned for a digital makeover. His website, once tired and outdated, no longer reflected his brand's true potential. We rose to the challenge, delivering a complete rebranding that revitalized his online presence. Not only did we craft a stunning new website, but we also enriched it with informative, engaging content across a multitude of new pages. And the journey didn't end there. To further amplify George's brand voice, we spearheaded a comprehensive social media campaign. We curated a constant stream of creative content, perfectly tailored to his audience. Additionally, we meticulously edited his self-shot videos, ensuring a cohesive and visually captivating social media experience.

# Modern Way Gardens

Modern Way Gardens sought a digital haven to showcase their verdant expertise in hemp. We delivered, crafting a brand-new website that blossoms with captivating visuals and informative content. But our collaboration bloomed further. To cultivate a thriving online presence, we implemented a strategic social media campaign, ensuring a consistent flow of engaging posts to nurture their audience and help Modern Way Gardens flourish online.
